Manila, Philippines

SUMMARY

Frontend Developer with 3.5+ years of experience building responsive, SEO-optimized websites and web applications. Strong focus on WordPress and CMS-driven development, with hands-on experience in Webflow, Shopify, and modern frontend technologies including React and Next.js.

Skilled in collaborating with clients to translate requirements into functional, user-friendly solutions. Currently expanding into headless CMS architecture and performance-focused web development.

EXPERIENCE

Frontend Web Developer

Carbondigital Inc., Makati, Philippines (*Aug 2023 – Present*)

I develop responsive, SEO-optimized websites using WordPress and modern frontend technologies across multiple projects. I manage builds, migrations, and deployments while ensuring code quality, performance, and scalability. I collaborate with cross-functional teams to deliver user-focused solutions, support junior developers when needed, and contribute to technical planning and project discussions.

Junior Frontend Web Developer

Carbondigital Inc., Makati, Philippines (*Oct 2022 – July 2023*)

I developed responsive websites using HTML, CSS, JavaScript, and Next.js, and built and customized WordPress sites based on client requirements. I supported frontend implementation across multiple projects and worked with the team to improve performance and usability.

SKILLS

Frontend Development

React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

CMS & Web Platforms

WordPress, Webflow, Framer, Prismic (Headless CMS)

E-Commerce

WooCommerce, Shopify

Tools & Automation

GitHub, GitHub Actions, Notion, Pabbly Connect, Zapier, Figma (Wireframing, Prototyping, Interface Design)

EDUCATION

Bachelor of Science in Information Technology

Technological University of the Philippines – Manila

2018 – 2022
